

Ave For Life

Mission Statement

Mission

"Members of Ave for Life work to develop and preserve the pro-life culture of Ave Maria University, as well as a pro-life coalition in the surrounding community. This will be accomplished by the education of individuals pertaining to the pro-life mission, the involvement of members in pro-life outreach in the community, and the celebration of life in various ways through club events.

We seek to work in collaboration with others to save the lives of those threatened from the moment of fertilization, whether from human embryo research, abortion, euthanasia, and any other threat to the inherent dignity of the human person."
